RICHMOND

To Manufacture.

There is a movement on foot to interest growers of burley tobacco in the organization of companies for the manufacture of their product. This movement has grown out of the recent decision of the Supreme Court ordering the dissolution of the American Tobacco Company, and through which tobacco men generally see an encouraging outlook for the establishment of independent factories in the tobacco producing states.

The growers who are foremost in the movement argue with their brothers of the industry that they would realize better returns than if they continue to sell the weed in loose leaf order or in hogheads.

It is not likely that there will be another pool of the raw material. The cost of pooling under the methods of the Burley Tobacco Society was enormous, and it is a matter of open comment that the majority of the growers who went into that organization with their tobacco have come out of it disappointed at the net returns for their crops. There are some who still have "unsold tobacco of the 1909 crop in the pool, and there is no apparent hurry on the part of President Lebus and the Executive Board of the Society to sell this residue and wind up the affairs of the organization.

Smith Caught.

After eluding the vigilance of the officers of three counties for the past three years, Wiley Smith, who it is claimed stole a horse from Thomas Vaughn and traded it to a man in Jackson county in May 1908, was captured just over the line in Jackson county last Thursday by Deputy San P. Bush and lodged in jail here. Vaughn identifies the man as the one who hired a horse and buggy from him in May 1908 and the rig was not recovered until it had been traded off to Jackson county parties and was later found in Laurel county by Deputy Bush and Mr. Vaughn. Smith made his escape and claims since that time to have been in Oklahoma and Tennessee. Mr. Vaughn, is Manager of the Idamay Coal Co. here, but at that time was in the livery business on Main st. There was a state reward of fifty dollars for Smith, which will go to Deputy Bush.

Hay Fever, Asthma and Summer Colds

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. Foley's Honey and Tar Compound is effective for coughs and colds in either children or grown persons. No opiates, no harmful drugs. In a yellow package. Refuse substitutes. For sale by Stockton & Son.

Big Sum.

The school per capita for Madison was placed by the State Department at \$4.12. The regular per capita is \$4.40 but some counties have an income from school bonds and some have more income from the dog tax than others. Those counties running over the regular amount are: Fayette, \$4.45; Franklin, \$4.35; Clark, \$4.40; Bourbon, \$4.39; Jessamine, \$4.36; Madison, \$4.12; Scott, \$4.40; Breathitt, \$4.54; Montgomery, \$4.45.

ROBERT SALLER.

Long.

The news of the death of Morris T. Long, which occurred at his home in Danville last week was received in his native county of Madison with much regret. Mr. Long was born near Kirksville and is widely connected in that section. For many years he has been in charge of the colored department of the State School for Deaf at Danville and no more popular man ever lived in Boyle county. He was sixty-eight years of age and is survived by a wife. Mr. Long was in Richmond about two weeks ago and paid the Climax office a call. He was a great disciple of Sir Isaac Walton and had intended coming to Richmond this week for a visit to relatives and to enjoy a few days fishing in Lake Reba.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Young, Editor of The Ohio View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me a surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by Stockton & Son.

Brown.

Mr. Wallace Brown, of Nelson county, representative elect and candidate for speaker of the House in the next General Assembly, was in the city last Wednesday talking with several friends. Mr. Brown is against the "ring" and claims that he will defeat the Blair-Schoberth-Holland regime, which he claims is organizing to control the next general assembly.

More people, men and women, are suffering from kidney and bladder trouble than ever before and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective for kidney and bladder ailments that medical science has devised. For sale by Stockton & Son.

Begin at Once.

The \$6,000 improvements to the Methodist church in this city will be begun at once. The well known firm Todd & Son have been awarded the contract and this is proof enough that it will be of the highest class. The plans call for improvements that will add greatly to the present structure and be a source of much pride to the congregation.

Meet at Paiks Hill.

The annual meeting of Morgan's men will be held this year on August 13 and 14th, at Paiks Hill, Nicholas county. It will be one of the biggest events for the old soldiers in years. The railroads are offering a one half fare. The Paiks Hill Assembly is now in session and will continue until the 15th.

Fair Exchange

A New Back for an Old One.
How It Can Be Done
In Richmond.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the lions are so lame to stop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Richmond residents would do well to profit by the following example.

L. M. Cox 302 Bowyer St., Lexington, Ky., says: "My occupation requires much heavy lifting and I believe this was the cause of my kidney trouble. I first noticed a dull pain in my back which became so acute that I could not rest. When I arose in the morning, I was lame and stiff and felt so tired that I could hardly commence the day's work. My kidneys were also disordered and the kidney secretions caused me much annoyance by their frequency in passage. I doctored and tried many remedies but could not find relief. When suffering severally Doan's Kidney Pills were brought to my attention and decided to take them. I procured a supply. I soon improved and by the time I had taken the contents of a few boxes, I was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's--and take no other.

At Broadhead.

Broadhead, the hustling little city in Rockcastle county, is making great preparations for the annual old time fair, which convenes this year August 16, 17 and 18th. This is really an old fashioned country fair and many people from these parts attend. The railroad is offering one fair plus 25 cts for the round trip.

An ordinary case of diarrhoea can, as a rule, be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by Stockton & Son.

We had a pleasant call yesterday from our old friend, James H. Boggs, formerly of this county and well known here, but now of Jessamine county. He came in to get a copy of last week's Climax containing an account of the Camp Douglas conspiracy during the war in which a number of Madison county men were involved. Mr. Boggs was a rebel soldier and a prisoner for many months, finally making his escape by scaling the walls, was "recaptured" or as he himself expressed it "he captured himself." Mr. Boggs in private conversation gave a number of interesting reminiscences but modestly insisted that we should not publish them. Mr. Boggs is a strong Democrat but says he will never support any man who favors the sale of liquor.

"BILLY SUNDAY cleaned up \$70,000 and a little more in Ohio, Pennsylvania and Iowa towns preaching the gospel and 'saving souls for Christ.' This is more than the President gets. Sunday was for many years a base ball player and drew a large salary, but this later job out-classed it in every way. It is hoped he gives the usual one-tenth to the Lord.

There is said to be a great deal of dissatisfaction among the veterans of the Union army on account of the cold deal handed Capt. Ed. Parley by the O'Rear roller in the state convention. He was the only old soldier candidate and he was unmercifully turned down. Many of them will now support the "Old Contender" James B. McCreary.

The platform convention, which meets in Louisville, August 15th, following a call by the Democratic State Committee, will be a hummer and those solid planks, which Governor McCreary, J. A. Sullivan, and others will hand down will bring the old state once again into the right fold.

A FRANKFORT man claims he has solved the problem of perpetual motion. Nothing is impossible in the Capital City. Things have been pulled off there which electrified the whole world.

PERSONALS

Mr. John Malloy was in Beattyville last Friday and Saturday on business.

Farm News

Items of Interest to The Farmer, the Grower and the Stockman.

Mr. J. R. Walker shipped to Paris last week 10,000 bushels of bluegrass seed purchased in this county at \$1.50 to \$1.65 per bushel. They were consigned to C. S. Brent & Co., who are his dealers in this staple.

A recent communication from W. O. Park, who is engaged in the Live Stock Commission business at the Kansas City Stock Yards, we learn that the continued drought in Missouri is broken. Last corn is greatly improved by recent rains, the grass is growing nicely and people generally feel much more encouraged throughout the State.

John E. Madden, master of Hamburg Place, delivered to C. S. Brent & Co., at Lexington last week, between 4,000 and 5,000 bushels of bluegrass seed, grown on Mr. Madden's farm. The price was \$1.65 per bushel.

In Boyle county the following sales of export cattle have been made recent.

By George Brock, sold to Schwartzchild & Sulzberger 168 head of splendid export cattle at 6-14 cents. These big steers will weigh 1,500 pounds. Worthington & McKee, the Gentry Bros., neighbors, sold to Joseph Bates, of Richmond, agent for Schwartzchild & Sulzberger, 70 steers that will weigh about 1,475 pounds, for 6 cents. Monte Fox, agent for Joseph Stern & Co., New York City, sold to E. W. Rose, of Kentucky, 15,000 pounds, at 6-14 cents. He also bought of J. C. Caldwell, Jr., 125 of about the same size at the same price.

The court day crowd was somewhat short but the live stock market was exceedingly good. Manager Embury of the stock yards reports 500 cattle, 750 sheep and 150 hogs on the market. Cattle prices ranged from 4 to 4 1/2 sheep between \$2.50 to \$3.50 for ewes and an average of 6 cents for lambs. Stock hogs were in demand, several choice lots bringing as high as 10 cents. There were several buyers from a distance.

Mr. Edgar Doty is having a fine season with his great show horse, Lord Bourbon. He won several blue ties at Lancaster and cleaned up in his class at Berea. He will go to Lawrenceburg next week.

Col. Font Fox, of Danville, was here court day looking over the live stock market.

Mules and mule colts sold well last Monday. Several buyers were here including Thomas C. Rankin, Mack Eubanks, and Senator Hubble, of Lincoln, J. W. Strode, of Fayette and Richard Cobb, and Bright Swinebrod, of Boyle and Garrard.

Deaths

Oldham.

A Special from Harrodsburg tells of the death of Thompson B. Oldham, which occurred at his home in Mercer county last week. Deceased was a native of Madison, but had lived in Mercer for many years. He was ninety two years of age.

Venable.

Paul Venable died at the home of his parents Mr. and Mrs. A. M. Venable, near Kingston last Saturday, August 5th, after a lingering illness of Consumption. He was never married and was thirty-six years of age. He has always made his home with his parents. The funeral services were held Sunday afternoon, at the home by Elder E. C. McDougle, pastor of the Mt. Zion Christian church, of which the deceased had been a member for many years, and interment followed in the Bullwain burying ground. Mr. Venable was an earnest worker in the church and Sunday School, and was universally beloved by all who knew him. One of his neighbors who had known him in all of the walks of life, told the Climax that he had never known a better man nor a

Burnam's Insurance Agency will bond you.

Plucky Youngsters.

Wm. Burnam and Neale Bennett, sons of R. R. Burnam and W. Neale Bennett took the Burnam pony and the Luxon pony to the Berea Fair. Wm. Burnam drove the Luxon pony and took the red riding and Neale drove the Burnam pony and carried off the blue. The boys took a little money in their pockets to pay expenses in case of a turn down but started out with the full determination of capturing the prizes and of bringing more back with them than they started with. It was a plucky adventure for the boys and pluck always wins. Outside information is that the boys acted like veteran horsemen and bore their honors with due modesty.

Chinese Idea of Government.

Here is a Chinese idea of prosperity in a nation: When the sword is rusty, the plow bright, the pious empty, the granaries full, the steps of the temple worn down and those of the law courts overgrown, when doctors go about the hakers on horseback, and the men of letters drive in their own carriages, then the empire is well governed.

One Objection.

"I wouldn't object to a man that keeps takin' all de time," said Uncle Eben, "if he didn' 'tavin' no' time in a question every ten minutes or so de yo' got to answer to show yo's kep'tn' awake."

A Hot One.

Judge James Benton has drawn a set of resolutions he has prepared and he will present to the Democratic County Convention of Clarke next Saturday, when delegates will be selected for the State Convention which meets in Louisville on August 10th. Judge Benton's resolutions are the liveliest drawn in sometime and every Democrat in the state should read them. The following are two of the leading paragraphs: Where the local option law is not adopted and put in force and where license for the sale of intoxicating liquors may be legally issued, we favor fixing the license tax or fee, other than that exacted by the municipality in which the business is to be conducted, at the sum of one thousand dollars, one half to go to the State and the other half to the county, the State's portion to constitute a part of the State's Good Roads Fund, and the county's part to go to the Road Fund of the county.

8. In the interest of a better and rational enforcement of our Criminal Laws, we favor a substantial reduction of the number peremptory challenges of jurors allowed defendants in criminal cases, and ask that the method of selecting juries in criminal trials be made to conform to the method now applied in civil cases, and we ask that such a plank be placed in the platform, and such a measure adopted, so that it will be no longer permissible in this State for a man charged with crime to peremptorily order fifteen of the best citizens presented as jurors to stand aside without cause other than that he fears a fair and just verdict from them.

Fast Pacer.

Martin Gentry claims he was the victim of a very rare deal at Berea fair last week. He had won two heats in the 225 pace with his old buggy nag, Iona, and the judges claimed he was guilty of fouling in the next heat. Iona was pitted against several Madison county cracks, but he showed his heels to many of them. He is the big sorrel gelding that Mr. Gentry drives every day to his family carriage and a gentle old family horse, but on the track he can show a fast gait.

Deaths

Oldham.

A Special from Harrodsburg tells of the death of Thompson B. Oldham, which occurred at his home in Mercer county last week. Deceased was a native of Madison, but had lived in Mercer for many years. He was ninety two years of age.

Venable.

Paul Venable died at the home of his parents Mr. and Mrs. A. M. Venable, near Kingston last Saturday, August 5th, after a lingering illness of Consumption. He was never married and was thirty-six years of age. He has always made his home with his parents. The funeral services were held Sunday afternoon, at the home by Elder E. C. McDougle, pastor of the Mt. Zion Christian church, of which the deceased had been a member for many years, and interment followed in the Bullwain burying ground. Mr. Venable was an earnest worker in the church and Sunday School, and was universally beloved by all who knew him. One of his neighbors who had known him in all of the walks of life, told the Climax that he had never known a better man nor a

Burnam.

Tutt Burnam is dead. Seldom has the news of the death of one of its citizens been received in Richmond with as much sorrow, as on last Saturday morning when a wire, announcing the death of Edwin Tutt Burnam in Baltimore, was received by relatives here. Mr. Burnam had been ill but a short time, and while he had been in a critical condition for several weeks, yet his death came as a profound shock to all. Some weeks ago he was taken to the above city, where the best medical attention could be had, but he was beyond cure. The news of

Humane Society.

Gives Many Little Points That May Be Practiced By All With Good Results.

In conversation yesterday with a very enthusiastic lady member of the Richmond Humane Society, who is constantly looking into the violations of the humane laws, she said I never see a horse pass with its head checked so high that every time it stops it begs, by throwing its head up and back, for relief, without wishing that the same harsh treatment might be visited upon the owner or driver. No man can make a high-stepping horse out of a low traveler by any such device, except for the time the check is on. Too often we admire the high, proud action, and overlook the means by which it is secured. Be content with more natural action and more humane treatment. To a certain extent, action can be improved by exercise in deep straw or over plowed ground, but beyond this, what is gained by the high check rein is at the cost of all comfort on the part of the horse.

Did you ever have your foot fitted to a shoe, or do you insist in having shoes fitted to your feet? Why, then, allow a blacksmith to fit your horse's foot to the hot shoe, by burning the hoof until there is equal bearing. To be sure there may be no evidence of pain, but the searing of the hoof structure with a hot iron never will be permitted by a humane man. That the operation injures the foot, makes contraction more likely and unbalances the adjustment of parts, cannot be admitted.

Do you stay with your horse while he is being shod? How, then, do you know that he is being kindly treated? I saw a good smith strike a horse over the head, the other day, with his rasp, and the marks of that blow will remain for weeks. It is not good business to leave such a friend as a safe horse always to any shodder. Many valuable animals have been permanently injured by such blows, given under impulse, the result of vexatious switching of tail or struggling.

Raging.

The Dreaded Disease, Pellagra, Has Made its Appearance at the Lexington Asylum.

The people of Madison county, who have friends or relatives in the Lexington Asylum, had better investigate the conditions as to the dreaded disease, Pellagra, which it is claimed has appeared among the inmates and many are now afflicted with it. The disease is claimed to be incurable and the germ which causes it is said to come from corn products. The blood turns to water and the victim breaks out over the body like small-pox. A woman was brought in about a week ago with it and was placed in Ward 5, and now there are fifteen or twenty cases. It is described as running from the tips of the fingers all over and the skin is white all around the nails until the flesh falls off.

"Dear Sir: I write to you to inform you many subscribers of the dread-plague that is raging at the Eastern Kentucky Lunatic Asylum at this time. The new plague is called pellagra. One of the nurses informed yesterday that it was lately brought there by foreigners. A woman was brought in about a week ago with it and was placed in Ward 5, and now there are fifteen or twenty cases. It is described as running from the tips of the fingers all over and the skin is white all around the nails until the flesh falls off.

"The doctors are trying to make it appear that it is not contagious. It is a willful lie to say so. I am a nurse and know all such. I am sure it is contagious and to decrease when so horrible a disease strikes them in the face with death is deadly.

"All who have friends in the institution should at once remove them, as a great many have already done. It should be done without delay for the sake of humanity. If you have friends there take them from this plague at once. If you could see one case you would not delay."

City Council

Holds Regular Monthly Meeting on Last Thursday. Two New Ordinances.

The regular monthly meeting of the city council was held last Thursday and all members were present, with the Mayor, except Councilman Todd, who is at Jackson on a contract to enlarge the court house. After the reading of the minutes for last session and their approval, City Engineer Johnson presented his drawings showing the proper location of the curb line on Woodland Ave., and it was accepted by the council. There has been some complaint of late that property owners on this street had encroached on the city's property and Engineer Johnson made new surveys in order to straighten out the angle.

A petition from residents along Moberly Ave., was read asking the council to prohibit the moving of a small cabin belonging to Mrs. Hobson to an undesirable location on that street. The petition was granted.

The Street Commissioners were ordered to have moved, all trees along High street that were interfering with gutters.

Two ordinances were drawn by City Attorney Collins and passed. They were: An ordinance making it a fine of from five to ten dollars for throwing glass on the streets of the city and one making it a fine of from one to five dollars for all property owners permitting weeds to grow and obstruct the sidewalks and gutters.

After the allowance of several bills, which included the payment of the oil for the streets, the council adjourned.

Summer Ick Now Relieved.

Instant relief for all kinds of summer skin trouble is found in that simple wash--D. D. D. Prescription for Eczema. Get a 25c trial bottle today and prove for yourself the merits of this wonderful prescription. We always recommend it for Summer Ick. For sale by Stockton & Son.

First Shoot.

The first dove shoot of the season was enjoyed last Thursday by several of the local gunners and it is said they did very well. The weak fields and roosts in some portions of the county afford enough sport until the hemp is stacked.

Success.

As usual the Barea fair was a big success and hundreds enjoyed themselves at this popular place. The show of stock this year was unusually fine and Garrard, Lincoln and Rockcastle counties, as well as Madison, were prominent in the show rings.

Plenty of Them.

Col. Barrell Million claims he has the most promising watermelon patch in the county, as his secret for raising the delicious melons has never been given out. He hopes to cut the first big ones this week and will see that all his friends get a generous sample of his patch before the season closes.

Branching Out.

Local capitalists, who are keen to the great advantages of knowing the loose leaf tobacco business, have organized a company to erect a warehouse in Cynthiana and will have the first loose leaf market in Harrison county. All the men are experts and the enterprise is sure to be a paying one. The two houses in Richmond are expecting a big business this season and are making necessary preparations. There is talk of a third house here, but the promoters are figuring whether it would pay them to take the chance.

Robbed Here.

"Bob" Blythe, a burly negro, who has just served a sentence in the local jail, was nabbed at Fort Estill last week by Sheriff McCord as he was enroute to Cincinnati on the L. & N. train. Blythe broke into the Paint Lick depot and loaded up on many things belonging to the railroad. He also secured a suit case belonging to Mr. Harry Francis containing that gentleman's evening clothes, and preventing him from attending a social function. He was placed in jail here and will no doubt draw sufficient sentence this time to do him for a while. Mr. Francis recovered his suit-case and clothes, but the railroad lost \$50.

Good Judge.

On account of his keen insight in judging the excellence of rare old wine, Col. Jake Collins was selected by the Barea fair company to act as judge in this department of the Floral Hall, and those who attended from here say the display of good things to eat and drink could not be surpassed at any fair in the country. Mr. Collins acted as Judge in the other departments of the Hall and so perfect is he in his decisions that even those who failed to get a ribbon were satisfied that they were beaten.

Springs Overrun

Local parties returning report the crowds so great at Crab Orchard Springs that Host Joe Willis has had to rent a number of furnished rooms down in the town in order to accommodate the influx of the guests. The best index to the size of the crowd is the dining room. There are nineteen large guests tables at each of which ten are seated, which make two who sit at the first table each make two who sit at the second table until these are served. However, Mrs. Willis has sixty servants and a kitchen as large as a tobacco warehouse, hence she is able to feed all without stint or dissatisfaction. More than fifteen hundred have registered since June 15. Every room on the place, for the first time in twenty years, is occupied, and the entire premises have undergone repairs and refitting. Still further improvements will be made for next season.

Soaked.

John Miller, of Duncannon and Barnett Wilson, of Berea claims they were the victims of crooked work, court day, in a horse trade with two men well known on jockey row. They ran to the Sheriff's office and deputy Deatherage with Judge Shackelford aided them in arresting the offenders. The scheme as they have since learned is: A man is approached for a trade and, during the argument as to which horse is the best, a confederate approaches, and whispers to the one who is to be the victim, that he will give him a certain price for the horse if he can secure him in the trade, as the man would not offer him a trade or personal reasons. Of course the victim sees a good thing and readily takes the worst of a swap, when the man walks away, in order to get a cash price for his new horse. After the trade the man that has offered to take him at a big cash price, has gone and after a futile search for him, the other man is looked up with the same result and it is then that the new owner realizes he has a plug horse for his good one. If there is a law that can punish such perpetrators it is a peculiar one, and there is but few men who would appeal to the courts after getting the worst of a deal like this, but would mount their new steed and get out of town quick, sadder, but wiser horse traders. It is a clever scheme and Deputy Deatherage says it is often worked on some unsuspecting trader.

Hot for Him!

The Danville Advocate has the following concerning a prominent Knight of the Grip who is well known in Richmond: Mr. Fox Respass, the pioneer supporter of Hon James B. McCreary, to Richmond, in his recent victorious candidacy for Governor, was in Danville yesterday. Mr. Respass, who is a gentleman of the finest sort, travels Kentucky and created a small McCreary boom wherever he went. On account of the exceptional popularity of the "Sage of Madison" and Mr. Respass those little booms soon consolidated into one big State-wide boom and Hon. James B. McCreary will be the next Governor of Kentucky and every body will be glad of it. He should give the best job in his power to Mr. Fox Respass for he owes a bigger debt of gratitude to him than to any other man in the State.

FREE SAMPLE OF LAXATIVE CURED HIS CONSTIPATION

When a person has become discouraged through years of failure to find a cure, and finally, perhaps, gives up trying, it is small wonder that he becomes skeptical. And yet, to all who have constipation, we would say, "Try just one thing more."

We wish you would try Dr. Caldwell's Syrup Pepsin, a laxative tonic that has been used for a generation. Thousands are using it; surely some of your friends among the number. You can buy it of any druggist at fifty cents and one dollar a bottle, but better still, send your name and address to Dr. Caldwell for a free sample bottle. He will send you enough to convince you of its merits, and then if you like it you can buy it of your druggist. Mr. J. J. Petty of Unionville, Mo., Mr. George W. Zimmer-

man of Harrisburg, Pa., and many others of both sexes and in all parts of the country first used a sample bottle and now have it regularly in the house.

You will learn to do away with salts

If you've had your mind set on buying a custom-tailor suit, we want to see you. If you are one of those particular fellows who appreciate hand-tailoring, its advantages, its ability to serve you more satisfactorily—if clever style means more to you than just something to wear—

Then "Griffon Clothes" will strike home.

Be careful not to get the impression that because these clothes are so wonderfully smart and contain such excellent value that they are extremely high priced.

They're not. They're very reasonably priced. In fact many people wonder just how we give so much value for the money.

Griffon Clothes are all Wool.

Almost Double.

Land in Farms of the United States Shows Big Increase Over Last Year.

According to the Census Bureau announcement this week land in farms more than doubled in value during the past ten years in this country, having increased \$15,232,788,000, or 118 per cent. In 1900 they were valued at \$13,051,033,000 and returns of the third-census shows they are now worth \$28,283,821,000.

Farm lands, farm buildings and farm implements of the county are valued at \$35,829,673,000, compared with \$27,357,436,000, ten years ago.

The number of farms in 1910 was 6,340,130, as compared with 5,737,372, in 1900, an increase of 11 per cent. The land increased in 1900 from 835,092,000 acres to 873,703,000 in 1910 or 5 per cent, but a larger increase, 15 per cent, is noted in improved acreage, which in 1900 was 141,490,000 acres, and in 1910, 479,434,000 acres.

More conspicuous than the increase in the number and acreage of farms has been the increase in the improved values of farm property. The land in farms rose in value from \$13,051,033,000 in 1900 to \$28,283,821,000 in 1910, an increase of 118 per cent, and during the same period the average value per acre of all land in farms rose from \$15.00 to \$23.50, or 56 per cent.

Farm buildings which in 1900 were valued at \$3,556,614,000 were reported in 1910 as worth \$6,391,025,000, an increase of 78 per cent. Farm implements and machinery reported in 1910 as worth \$1,261,817,000 and ten years previously as worth \$749,778,000, show an increase of 68 per cent.

Loss of Time means Loss of Pay.

Kidney trouble and the ills it breeds mean lost time and lost pay to many a working man. M. Balent, 1214 Little Penna. St., St. Louis, Mo., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley's Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. Foley's Kidney Pills will check the progress of your kidney and bladder trouble and heal by removing the cause. Try them. For sale by Stockton & Son.

WINCHESTER
Repeating Shotguns
USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

Brings Suit.
A special from Paris, France, says: After a meteoric career as a beautiful girl and society woman, and eventually as the Duchess of Choiseul-Praslin, the woman, who was Lucy Tate, of Stanford, Ky., is now suing another woman, who was originally Miss Claire Couderi, from New York, for having wrongfully assumed, it is alleged, the title of Duchess Choiseul.

Meanwhile the friends of the one-time Lucy Tate in the Blue Grass and the former Miss Couderi, in New York, are watching the battle in the French courts with as much interest as are the French social personages themselves.

Miss Tate was first Mrs. Hamilton Paine, of Boston, and after her husband's death became the Duchess Choiseul-Praslin. She now alleges that the Duchess of Choiseul assumes that title without right, and begs the French courts to settle the dispute.

The Duchess of Choiseul, on the other hand claims that her title is literally correct, and it is said, threatened defamation proceedings. Both of the ladies are suing under the names of their husbands.
